TEACHING TYPING SKILLS SINCE 1995

**Home edition** - The new school year starts with a lot of hope and concern! Many schools are so underfunded that parents are taking it upon themselves to help where they can.

Our economical Family Edition offers 5 licenses for the price of 3 and at such a cost effective price, it makes sense. All our software offers both UK and US/N.American options (spoken instruction, vocabulary and keyboards) and is available either Online via our servers or as a download. Get your kids and young adults ready for school, the workplace and life. We have recently partnered with the NUS and our course is now offered via their TOTUM card.

**Schools** - We believe in today's world of technology, all students should be taught to type so, to help schools with budget constraints, we are now offering a **3 year license for the price of 2**. However, this offer is currently only available to the whole school roll license. Please contact the KAZ team to

We are delighted to confirm that we are certified partners with ClassLink and our course is now available in SSO via their platform. To sign on via classlink use the button via our login page.

**Colleges and Universities** - Our new adult neurodiverse edition is ticking the boxes our previous edition missed. Thank you to all for your comments and take up. Any specific requirement please ring or email.

**Business** - KAZ Business edition is proven to increase the efficiency and productivity of staff. A fundamental yet essential skill often overlooked in training. We are one of the few courses that can actually prove a Return on Investment (ROI) - See the proof - FREE ROI

calculator on our website. Teach and equip your staff with the essentials and build on their skill set. Some of our clients are offering incentives, as they realise just how much of a difference it can make to their business, staffing and bottom line. It's one of the cheapest courses on the marketplace and one that really does make a huge difference. Available in SCORM for LMS or Online, hosted on our servers.

**NEW PRODUCTS COMING SOON...**

DSA / NMH

**DSA/NMH/Access to Work** - We have been continuing our workshops across the country, showcasing our **Neurodiverse** edition. Thank you for all the positive response. We are constantly looking to help and improve and we welcome any feedback.

This edition addresses disturbances related to 'Visual Stress' by means of our unique preference screen.

It is available in download format and in two versions - Neurodiverse Adult (aged 16+), featuring our new 'generic' imagery and our Neurodiverse Schools edition (aged 6-16), featuring a choice of our light hearted KAZ birds (Adult and Junior) with age related vocabulary.

We have produced two leaflets: 'Neurodiverse Differences' and 'Student Challenges and the Benefits of KAZ's Neurodiverse edition'. Please download from our website DSA/NMH page or ask us to email you a copy.

We would like to thank all the OT's and Assessors who have already contacted us and are now using and recommending KAZ. Assessors please contact us for licenses, webinars or, for booking CPD sessions, either directly via the DSA tab on our website, email or via the DSA reseller network. **City & Guilds** - We have been working for the past 3 years to achieve City & Guilds accreditation. We have been striving to offer our students a recognised certificate, one which can recognise and reflect the importance of this 'life skill.' City & Guilds are world renowned for their rigorous procedure, their quality and status.

Our students will need to pass a test including 2 modules; a Multiple Choice Paper and a Typing Test. Successful passing (35wpm and 12/15) will result in a co-branded certificate and a digital badge which confirms the students ability and can be linked to social media, job applications, C.V's etc.

Verification for individuals and employers is via our website or via C&G's walled garden portal.
