TEACHING TYPING SKILLS SINCE 1995

*We would like to wish all our clients a **Very Merry Christmas** and a **Happy New Year 2020***

The TEAM at KAZ

We are proud that our Mainstream and Neurodiverse touch typing software was:

Shortlisted as a Bett Finalist 2019
Shortlisted as a Teach Primary Finalist 2019
Shortlisted as a Teach Secondary Finalist 2019

We are thrilled our new product is making a difference.

****NEW for 2020****
**Worldwide Touch Typing
Tournament for Schools**

**Typing Tournament
coming soon...**

There is nothing like a competition to bring out the competitive edge in students, encourage them to learn the skill, prepare them for further education and the workplace - as well as being lots of fun!

To help teachers with engagement, we are proud to announce the launch of our new Worldwide Touch Typing Tournament for Schools, beginning in January 2020. To find out more go to the education page on our website.

All schools with a current KAZ licence will be eligible to enter for the chance to win a free renewal license for their school, the KAZ Schools' Touch Typing Trophy and coverage in the press and social media. So, if your students love to compete... enter and help your school win!

Being No.1 in this worldwide schools' tournament won't be easy. Competition will be fierce... Schools from the UK, USA, Australia, Canada, Malaysia and the rest of the world will be taking part.

Worldwide 'respect' assured. The winning student will receive a winner's certificate and a free City & Guilds course, subject to being 15 years of age! If not, don't worry, KAZ will keep it for you till you are.

The KAZ City & Guilds Assured typing program

On successfully completing the course, candidates will receive a digital certificate and a co-branded digital badge to showcase their quality skill externally via the web on social media profiles, CVs and job applications.

Why do so many people use KAZ?

- It's Innovative
- It works
- It caters for ALL
- It's recognised
- It's Assured

**KAZ will be at all

The incentive of this City & Guilds edition is clear for all to see:

Individuals - Access to a globally recognised certificate and digital badge to showcase on your social media profiles, CVs and job applications.

Education - Schools prepare your students and get them work ready. All students benefit from a recognised City & Guilds Assured certificate and badge. A valuable asset to take into the workplace.

Business - the benefits are clear. Increased efficiency and productivity will ultimately increase profitability. No need to worry about staff wasting time 'hunt and pecking' with 2 or just a few fingers.

DSA students are now being equipped with a truly portable 'life skill' - one they can use beyond the classroom and take into the workplace and life.

Further highlights from 2019...

The Bett exhibition, DSA conferences and shows around the country, including Scotland, Ireland and Wales, the ATEC annual conference, Call Scotland, The Dyslexia Fair, CENMAC, TES show London and SEND edition of the BESA DfE approved Learned roadshow in association with Havering London Borough and Corbets Tey School.

In addition, we were also present at several workshops across the country, showcasing our Neurodiverse edition. We are thrilled with the positive response, feedback and advisory notes received from assessors.
