Highlights for 2019:

Shortlisted as a Bett Finalist 2019

Shortlisted as a Teach Primary Finalist 2019

Shortlisted as a Teach Secondary Finalist 2019

We are thrilled our new product is being recognised and importantly making a difference.

DSA students are now being equipped with a truly portable 'life skill' - one they can use beyond the classroom and take into the workplace and life.

What you and students (past and present) say about KAZ:

Maria Chivers - Dyslexia Expert and founder of the Swindon Dyslexia Centre, "Touch typing saves me so much time because even when I write by hand, I cannot read it back anyway!"

Hannah Jones, "KAZ taught me to touch-type ... Being able to touch-type at very fast speeds has served me well in life! I had to take a typing test as part of a job application and the administrator made me take it a second time because he didn't believe I was really typing that fast! I was typing at around 120wpm and he said he had never seen anybody do more than 100. All thanks to KAZ! Hannah Jones - 08/11/2019

Peter - "no longer needed, my son can touch type very efficiently and just completed 4 'A' levels and aiming for Durham university!"

"I actually used it myself many years ago - it was a free course offered by the University of Nottingham. I found it to be fantastic and was pleased to see that you have a dyslexia friendly version too." Gaynor Berendsen has recently taken a school licence and is Senior Inclusion at British School, Muscat

"I attended the KAZ workshop at the Barry Bennett event and was very impressed with the software!", Janet Roland, Bangor Access Centre.

Lastly, we have recently updated all our ONLINE courses and DOWNLOAD files to include our 'Fast Mode' - which makes the course much easier to navigate and far more suitable for students with ADHD and ASD.

Here are just some of our 2019 highlights...

The Bett exhibition, DSA conferences and shows around the country, including Scotland, Ireland and Wales, the ATEC annual conference, Call Scotland, The Dyslexia Fair, CENMAC, TES show London and SEND edition of the BESA DfE approved LearnedED roadshow in association with Havering London Borough and Corbets Tey School.

In addition, we were also present at several workshops across the country, showcasing our Neurodiverse edition. Thank you for all your positive response, feedback and advisory notes.
